Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "for the free" any more than a merchant can lose over his customer's free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Biggest Hit of the Season!

Are our Serge and Linen Crash Suits. New York swell tailors are making up more Black and Blue Serge and Small Checked Worsteds this season than anything else, and we are always in touch with the fashions. We are showing the most beautiful lines of these goods imaginable. Tho' these Suits are superior in every particular and are well worth \$15 to \$22. Our policy of popular prices for first-class Clothing prompts us to sell these elegant

SUITS From \$8.50 to \$12.

Our trade in Men's and Boys' Fine Shoes indicates that the majority of our people want good footwear. We sell the very best makes only and warrant every pair we sell.

Our Shirt Department is one of the features of our house. We sell the best of makes only. Our prices on them—75c, \$1 and \$1.50 are no more than you pay for inferior goods away from home.

Shirtwaists AT COST!

We take time by the forelock. Rather than to carry over any of our Silk Shirtwaists till next season we have marked them at quick selling prices. They are all made of superior fabric, in plain colors, checks and plaids. The remarkable reduction is as follows: From \$5.00 to \$4.50, from \$4.50 to \$4.00, from \$4.00 to \$3.50, from \$3.50 to \$3.00. As there are not over three dozen in all the first corners will be the lucky ones.

Some Rare Ribbon Bargains.

Our ribbon sales this season have been stupendous. We are always on the lookout for special leaders in this department. For this week we are showing a Black and Blue wide, 5c a yard. Wide, worth fully 50c, our price 30c. A black doublefaced ribbon of regular 30c value, 10c. All colors to Moore's Ribbon, each width, at 50c and 50c a yard.
